

RAYCHARD ATIENZA

COMPUTER ENGINEER

WORK EXPERIENCE

2017 - 2023

Cryptocurrency Trader & Beta Tester

As a Cryptocurrency Trader, I have gained experience in trading various cryptocurrencies and keeping up-to-date with the latest trends in the market. Additionally, I have served as a Beta Tester for a Cryptocurrency Trading Website and as a Bug Hunter for a Cryptocurrency Online Casino, both of which have honed my attention to detail and problem-solving skills.

2016 - 2018

Systems Engineer in Calvelo Engineered Systems

I have extensive experience in CCTV Installation and Support, both with Analog and IP CCTV systems. I am also skilled in Access Control System Installation and Support, as well as Water Leak Detection Installation and Support.

2015 - 2016

Project Support Engineer in MG Exeo Network, Inc.

I bring extensive experience in Copper Installation, including PLDT Home DSL and Fiber to the Home Installation through PLDT Home Fibr. Additionally, my experience includes troubleshooting of Telephone Cabinets, knowledge of Copper/DSL Basic Repair, proficiency in the use of PLDT Tools and Equipment, and strong adherence to Safety Precautions protocols.

MY PROFILE

Hello! I am a computer engineering graduate with a passion for technology and innovation. To further advance my skills and knowledge in full-stack web development, I have recently enrolled in Zuiitt's Full Stack Web Development Bootcamp. This program provides me with the opportunity to sharpen my abilities and learn the latest technologies and techniques in web development.

EDUCATIONS

2023 in Zuiitt Coding Bootcamp

Full Stack Web Development

2011 - 2016 in De La Salle Lipa

B.S Computer Engineering

2007 - 2011 in Cuenca Institute

High School

MY SKILLS

Hardware & Troubleshooting	95%
Cryptocurrency and Blockchain	95%
Front-end Development	95%
Back-end Development	90%
Full-stack Development	85%
Access Control System	100%
Hardware & Troubleshooting	100%
Java & C++ Programming	70%
